

## *New Product Alert!*

**#72182 Rear A-arms for the Associated Rival MT10**  
UPC #672415721827

Designed similarly to our #72062 Front A-arms, **RPM** Rear A-arms for the Associated Rival MT10 are the toughest A-arms on the market! Bolt a full set on your Rival MT10 for a day of fun guaranteed, without fear of an A-arm failure.

**Made in the USA** and designed with unmatched performance, exceptionally lightweight materials and extreme durability. **RPM** A-arms will outperform and outlast the competition!

**Tech Notes:** **RPM** #72182 replaces the rear A-arms from stock Associated #25804. Due to strengthening provisions, the upper axle carrier hinge pin hole is not compatible with **RPM** Rear A-arms for the MT10. Only the lower, stock location can be used.

**Suggested Retail Price** €15,30 / pair
