

New Product Alert!

#72162 HD Wheelie Bars for ARRMA 6S Vehicles
UPC #672415721629

RPM HD Wheelie Bars are designed to add the versatility of a wheelie bar to **RPM** #81802 HD Wing Mounts (sold separately). The **RPM** HD Wheelie Bar design bolts directly to our HD Wing Mounts exclusively. These wheelie bars add much needed wing protection during those nose high moments when your throttle finger gets a bit overzealous! Now any ARRMA 6S owner can pull some sick wheel stands without the fear of grinding the wing into dust!

Do you already have a set of stock ARRMA #320366 Wing Mounts? You have the option of using the wheels and rocker posts in that kit with **RPM** HD Wing Mounts. They're cross-compatible! If you don't have that kit, there's no need to worry. We include a sweet set of 5 spoke wheelie bar wheels in our kit.

Naturally, **RPM** HD Wheelie Bars are sold with with all necessary mounting hardware and complete instructions for assembly. **RPM** HD Wheelie Bars are manufactured from our trademark blend of incredibly strong nylons. We then back our parts with a limited lifetime warranty against breakage.

Tech Notes: **RPM** HD Wheelie Bars are designed for use with **RPM** #81802 HD Wing Mounts *exclusively* and will not work with stock or other aftermarket wing mounts. Vehicle fitment is limited to vehicles compatible with **RPM** #81802 HD Wing Mounts.
