UPC #672415707722

If you're looking to improve the strength & durability of your Rustler 4x4 or Hoss 4x4, look no further than **RPM**. Our Front & Rear Shock Towers are based on our Slash 4x4 shock tower designs with proven performance and durability. We revamped the design of our Slash 4x4 shock towers and modified them to accommodate the clip-less body mounting system that the Rustler 4x4 & Hoss 4x4 utilize. The results are a perfect blend of old and new that is tough, rugged and can handle whatever your track or bash location can throw at them!

**RPM** Rustler 4x4 & Hoss 4x4 Shock Towers are molded in our bulletproof blend of engineering grade nylons and come with our limited lifetime warranty against breakage. Don't let a fun race or bash day get cut short with inferior parts. Trust **RPM** with parts *designed, engineered and manufactured in the USA!*

**Tech Notes:** **RPM** Front Shock Towers for the Rustler 4x4 and Hoss 4x4 replace stock Traxxas #6739 while the Rear Shock Towers replace stock Traxxas #6738.

**Suggested Retail Price      €11,50 ea.**
